## Objective

Leave the Sleep medicine field and pursue a career in the creative field assisting or working individually to produce successful and effective design solutions in a graphic department or creative studio.

## Education

**Kean University**, Union, NJ. 09/2003 – 01/2007 B.F.A., Visual Communications

**California Institute of Sleep Medicine**, Sunnyvale, CA. 08/2005 Sleep Technology Certification

**Essex County College**, Newark, NJ. 09/2000 – 01/2003 A.F.A., Fine Arts

## Experience

### **Sleep Hub, llc 09/2010 – present Sleep Technologist**

Perform standard nocturnal polysomnographic studies; Perform full night CPAP and BI-PAP studies; Note cardiac arrhythmias, respiratory disturbances, and sleep arousals. Assist in the training of fellow technicians; Maintenance of equipment and supplies.

### **Deborah Hearts and Lungs Hospital 06/2007 – 07/2010 Sleep Therapist**

Perform standard and complex nocturnal polysomnographic studies; Administer oxygen when necessary (based upon the AAOSM guidelines); Apply continuous positive air way pressure when patients meet criteria (split studies); Detect and note cardiac arrhythmias, respiratory disturbances, and sleep arousals; On occasion assist with MSLT/MWT when needed.

### **Sleep Fit LLC 06/2006 – 05/2008 Sleep Technologist**

Perform nocturnal polysomnographic studies (adult and pediatric, ages five and up); Use of Sensor Medics and Somno Star Pro Diagnostic System; Assist in training and monitoring fellow technologist; Maintenance of equipment and supplies; Schedule and file incoming patients; Score studies when an overflow of work occurred.

### **Essex County College 06/2005 – 01/2006 Graphic Specialist**

Preparation and production of several periodicals; Generate original designs and concepts; Assist the printing department with in-house projects. Projects include: Course catalogues, monthly calendars, brochures, and advertising campaigns for the marketing department.
